THREES: COUNT THEM SEPARATELY

Exposed red threes: +100 each. Red threes in an unopened foot: -100 each. Black threes left in a hand or foot: -5 each. Include both partners' unopened feet in the count.

BEFORE YOU CLOSE THE ROUND

To go out: two clean books, two dirty books and one wild book; your partner must have played from their foot and agreed. Compare totals after round four.

Card values: Joker 50; Ace and 2: 20; 8 through King: 10; 4 through 7: 5; black 3: 5. Red threes use the special rules above. Add positive rows, subtract penalties, then add the previous running total. This paper worksheet does not calculate automatically.
